

Xiaomi 13T / 13T Pro Reinforced Case Air 3m Transparent + Lifetime Warranty Force Case

Descriptif produit

High-resistance protection that enhances your mobile while guaranteeing its safety - Lifetime warranty

Resists shocks and drops up to 3 meters.
Combining slimness and robustness, it is crafted from choice materials. The combination of 2 exclusive technologies provides extreme resistance against daily damage.

Air Cushion technology
The case corners reinforced with air cavities absorb impact without damaging the mobile device.

Tryax 3D Inserts system
This system around the edge of the case is designed to absorb impacts and disperse shock energy along three axes. Your mobile is thus protected from all sides.

Protective raised contours
The edges as well as the camera contours are reinforced with liquid silicone for all-around protection. You can place your smartphone face down or face up without risk.

Sleek transparent finish and custom design
Its refined clear design displays the original beauty of your smartphone while guaranteeing optimal grip.

Special anti-yellowing treatment
Crafted from a polymer alloy treated against yellowing, your case will retain its transparency much longer.

Eco-designed with 50% recycled plastic
This product is eco-designed and made with 50% recycled material to reduce environmental impact.

How does the Recyclerie work?
You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?
Using the QR code or link provided in the pack of the purchased product www.force-mobility.fr/recyclerie, download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?
Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!
The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
