

Samsung Galaxy A17 / A18 4G/5G Reinforced Case Feel OFG 2m Transparent + Lifetime Warranty - Origin France Guaranteed Force Case

Descriptif produit

High-resistance protection that enhances your mobile while guaranteeing its safety - Lifetime warranty

Shock and drop resistant from 2 meters.

Its exclusive design and the use of shock-absorbing materials give it extreme resistance to everyday damage.

Tryax 3D Inserts System
This system, located on the corners of the case, is designed to absorb impacts and disperse shock energy along three axes. Your phone is thus perfectly protected in case of a fall.

Protective Raised Edges
The edges and camera surround are reinforced for complete protection. You can therefore place your smartphone face down or face up without risk.

Elegant Finish and Custom Design
Its refined design perfectly hugs and protects the original curves of your smartphone while guaranteeing the best grip.

100% French Expertise and Production
Benefiting from the rigorous Origine France Garantie label, this reinforced case embodies the industrial excellence and expertise of our regions. Its local manufacturing guarantees impeccable traceability while actively contributing to reducing the carbon footprint associated with transportation.

Eco-designed with 50% recycled plastic
This product is eco-designed and manufactured with 50% recycled material to reduce its environmental impact.

How does the Recyclerie work?
You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?
Using the QR code or link provided in the pack of the purchased product www.force-mobility.fr/recyclerie, download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?
Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!
The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
