

Black Smart Band with 2 straps: Silicone + Black Nylon Ice Watch

Descriptif produit

Optimize your daily tracking with a screenless fitness band offering up to 20 days of battery life, full health tracking, and two interchangeable silicone and nylon straps.

Screenless Minimalist Design
Engineered for those who value subtlety and focus, this smart band features no display screen, speaker, or microphone. It relies exclusively on a gentle vibration system to notify you of daily alerts without interrupting your routine.

Exceptional Battery Life Up to 20 Days
Enjoy uninterrupted usage thanks to ultra-efficient power management delivering 14 to 20 days of battery life on a single charge. Say goodbye to daily charging hassles and wear your fitness band continuously day and night.

Comprehensive Health and Sleep Monitoring
Keep track of your vital metrics throughout the day with integrated health monitoring features. It also analyzes your sleep patterns to help you optimize rest quality and maintain a balanced lifestyle.

Sports Tracking and 3 ATM Water Resistance
An essential active companion, this smart band accurately records your workout sessions and performance levels. Rated 3 ATM for water resistance, it easily withstands rain, sweat, and splash exposures.

Dual Interchangeable Straps Included
Comes with two versatile straps (silicone and woven nylon) to suit any preference or activity. Switch between the durable silicone band for workouts and the breathable nylon strap for lightweight everyday comfort.

Discreet Haptic Vibration Alerts
Stay connected effortlessly with silent vibration notifications. It keeps you informed about incoming updates and health reminders while keeping your attention on the task at hand.
