

Samsung Galaxy S10 Reinforced Case Video Stand function Navy Blue Samsung

Descriptif produit

An ultra resistant case with military certification

Sets a high standard for protection
Drop-tested to military-grade standards, the Protective Standing Cover helps keep your phone safe from damage and drops. Go about your daily routine and worry less about your phone.

Kick back and watch comfortably
This case cradles your phone without blocking the immersive view of the Infinity-O Display, and has two kickstands in the back of your case to hold it up. Take your pick of two comfortable viewing angles: 45 or 60 degrees.

Takes off before it breaks off
This case helps protects your phone, and protects itself, too. The kickstands on the back are detachable, snapping off in case your phone falls to prevent them from breaking completely.
