

Kit of 2 CPL Adapters AV1000Mbps Passthrough Socket + Gigabit Ethernet RJ45 Port White TP-Link

Descriptif produit

1000 Mbps! Ideal for bandwidth-intensive activities

High-Speed Powerline
With HomePlug AV2 Standard, high-speed data transfer rates can reach up to 1000 Mbps, meeting all your online needs. Ideal for bandwidth-intensive applications such as streaming multiple HD/3D/4K video devices, online gaming, and large file transfers.

Gigabit Port
With a Gigabit Ethernet port, the TL-PA7017P KIT allows users to connect a bandwidth-intensive device to the internet at high speeds, ensuring smooth streaming for Ultra HD video.

Plug and Play, No Configuration Required
Connect one powerline adapter to your router or modem. Plug another powerline adapter into a wall outlet in another room. Connect it to your internet-enabled device via Ethernet – and you're done!

Integrated Pass-Through Outlet for Connecting Other Devices
The TL-PA7017P KIT has a built-in AC outlet. Your powerline adapter can now be used as a standard electrical outlet. No wasted power outlet. The integrated noise filter prevents electrical signal noise from affecting the performance of your power line.

Patented Energy Saving Mode
The TL-PA7017P KIT's practical design and sophisticated energy-saving mode, which automatically switches from normal operation to energy-saving mode, reduce power consumption by up to 85%*.

*Actual data may vary depending on network conditions and environments.

Compatible WiFi Universel

Color : **White**

Ref : **TPLCPLAV1000V2**

EAN : **1210002614221**

Pack contents : Kit of 2 CPL Adapters AV1000Mbps Passthrough Socket + Gigabit Ethernet RJ45 Port + User Guide/Security/Warranty

Compatible mobiles

Compatibilité
Compatible avec : IPHONE 3G .
