

Adapter USB C to RJ45 Ethernet White TP-Link

Descriptif produit

Ideal for laptops, tablets and most USB-C powered web devices for wired network access.

Provide wired internet connections to USB-C devices
Give your USB-C-powered laptop, tablet, computer, and other web-enabled devices access to a wired network connection. It's designed to provide most of today's devices with a powerful and instant wired network connection.

Gigabit networking for reliable and stable data transfers
Equipped with a USB 3.0 port and a Gigabit Ethernet port, it supports network speeds of up to 1000 Mbps, making it ideal for fast transfers of large files, downloads, streaming, gaming, and more.

Foldable and lightweight design
Compact and portable, convenient for on-the-go use. Weight: 20 g and Dimensions: 71 x 26 x 16.2 mm

Easy to use, Plug & Play
Simply plug it in and you're ready to use in seconds—no manual driver installation required. Meanwhile, an intuitive LED indicator lets you know the network status at a glance. Plug & Play is enabled for Windows 10, macOS 10.9 and later, Chrome OS, and Linux OS.
