

RockStar™ Audio Cable 3.5mm Jack / USB C 90cm Male/Male Black Belkin

Descriptif produit

Ideal for playing audio content from an iPad or Android device equipped with a USB-C port through your car radio or Hi-Fi system

Convenient USB C to 3.5 mm cable

Enjoy your music wherever you are thanks to this USB-C to 3.5 mm audio cable that lets you connect your smartphone to your car radio or Hi-Fi system. No need to buy or take an adapter with you. Now you can connect your devices with a single cable. Plug in the cable and press Play to listen to your soundtrack.

Superior sound quality

With this cable, you get reliable audio content that's free of noise and interruptions. The integrated digital-to-analog converter provides high-resolution audio quality. Enjoy your music with all the depth and detail of your music.

All-in-one connection solution

No need for adapters to listen to the music from your new USB-C smartphone on your car radio or Hi-Fi system. The USB-C connector plugs into your smartphone while the 3.5 mm connector plugs into your stereo system. All you have to do is plug in the cable, it's that simple
