

USB C Car Charger Eco-designed 25W PD White Just Green

Descriptif produit

Eco-friendly, the Just Green car charger, recharges your mobile while preserving the planet's resources.

Power Delivery
Its Power Delivery compatible charging protocol is much more efficient than conventional charging technologies. Compatible with iOS (Apple) and Android (Google, Samsung, Xiaomi, Oppo…) devices, it offers an ultra fast, safe and convenient alternative to charge all your devices.

Extremely fast charging time
The USB C port on your charger offers a maximum charging speed of 25W to charge your device up to 70% faster than standard 5W * technology. This technology will allow you to charge up to 50% of the battery of your iPhone 8 or later or your Samsung S20 or later in about 30 minutes!

Smart and secure
The charger automatically detects the charging current required for fast charging. When the charge level reaches 100%, it cuts off the power supply, preventing the battery from running without interruption. This innovative technology avoids the risk of overheating and gives a longer battery life. When you're in a rush, our chargers will give your battery a boost in no time.

Power Delivery compatibility
To get the optimal charging speed from a Power Delivery charger, you need an Apple or Android device compatible with this technology, a USB type C to USB type C or Lightning to USB type C charging cable and a USB-PD compatible charger.

Recyclable packaging
A fully recyclable packaging made from cardboard certified from responsible forest management, vegetable glue and soy ink. Designed to be eco-friendly, plastic-free.

Circular economy
A recycling center allows the pre-paid return of old products to be recycled to give them a second life.

Support for associations
5% of turnover to support environmental protection associations. Find the associations on our website https://just-green.fr/fr/content/6-associations.

* The recharging time depends on the recharging capacity of the devices but also on the temperature, the wear of the battery, the power delivered by the charger and the charge level of the device.

Universel - Port(s) USB C PD

Color : **White**

Feature(s) : **USB Port(s) Output: USB C 25W - Charge Protocole: Power Delivery**

Port(s) : **USB C**

Power : **25W**

Material : **Recyclable materials**

Informations complémentaires

Just Green: The eco-responsible brand
• #future: Ranges made up of highly recyclable materials selected to minimize the ecological impact on the planet.
• #circular: A recycling center with pre-paid return of old products to be recycled to promote the circular economy
• #essential: An eco-designed packaging that is entirely recyclable: Cardboard (certified from responsible forest management), glue (vegetable) and ink (soy)
• #local: Just Green is a French brand. Our products are imagined and designed in France. Our desire is to support the local economy and to favor modes of transport with a low carbon footprint.
• #solidarity: Just Green is committed to donating 5% of its turnover to support environmental protection associations and thus multiply initiatives. But for this we need you! Support the ecological cause that is closest to your heart by choosing the association that Just Green will finance.

Just Green is a French brand whose products are designed and developed in Paris.
A French specialist in smartphone accessories for 25 years, our products are tested and certified according to the CE standards and directives in force on the market.
From the date of delivery, this product benefits from the 2-year legal guarantee of conformity.

How does the Recyclerie work?
You have just purchased one of our products and you would like to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?
Using the QR code or link provided in the pack of the purchased product www.bigbenconnected.fr/recyclerie/, download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?
Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

What is the Green Act rating of my product?
Green Act was designed to help you make a more responsible choice in favor of the environment when purchasing an accessory for your mobile. Each product is rated on more than 70 criteria evaluating its environmental, social and ethical impact as well as its performance in

use. Find out how the environmental impact of our products is calculated on www.thegreenact.org.
