Car Wireless Charger 9W Qi Airvent Mount Black Samsung

Descriptif produit

Make your travels easier thanks to this car holder with integrated induction charger and at hand

Fast induction charging
This induction charger offers you the possibility to quickly charge your phone wirelessly with a power of up to 9W.

Compatible with all brands and models
The car holder has been designed to offer inductive charging to all brands and models of smartphones compatible with induction charging.

Automatic clamping
The holder detects your phone and the arms close to keep it securely in place on the holder. It will keep your phone secure while charging it by induction.

Air vent attachment
This induction car holder attaches securely to the air vent so you can drive with confidence. You can easily switch between portrait and landscape mode with one hand.

LED charging indicator
LED indicator light to indicate safe charging in progress

Convenient to use
Easily charges the smartphone during car journeys
