

Router WiFi AC1200Mbps Dual Band - Archer A5 White TP-Link

Descriptif produit

Powerful and Long Range WiFi

Connect to your router to boost WiFi coverage and speed in small areas.

High-speed dual-band WiFi for better connections

The Archer A5 lets your PC or laptop enjoy connections 3 times faster than WiFi N thanks to AC technology. With 300 Mbps on 2.4 GHz and 867 Mbps on 5 GHz, the Archer A5 is the best choice for HD streaming, online gaming, and other bandwidth-intensive tasks.

WiFi 5 (802.11ac) compatible

Simultaneous speeds of 300 Mbps on 2.4 GHz and 867 Mbps on 5 GHz for a total throughput of 1200 Mbps

Innovative antennas for maximum coverage

Four strategically placed antennas make all your connections more efficient and stable. Advanced antenna technology increases reception sensitivity to extend WiFi coverage throughout your home.

Easy network administration with the TP-Link Tether app

IGMP Proxy/Snooping, Bridge, and Tag VLAN support to optimize IPTV streaming

Access Point mode replaces your router's weak Wi-Fi performance

Simplified parental controls

Supervise children and staff with responsible access controlled by parents or administrators. Use keywords to easily set up a blacklist and limit web access.

Guest network access

Allow guests to join your Wi-Fi network while protecting your privacy. Easy sharing, secure access.

Compatible with all routers on the market
