

Play Connect USB C Earphones Reinforced Remote control Earbud with Microphone White + Lifetime Warranty Force Play

Descriptif produit

Optimal listening quality with a unique promise: the lifetime warranty that ensures the replacement of your headphones in case of failure! Made of 100% recycled plastic

Built to last thanks to their reinforced design
These headphones are designed to be durable. Braided nylon cable is stronger and wear-resistant, less likely to get tangled or break. The metal coating on the connector, meanwhile, adds an extra layer of protection against damage caused by daily use, like friction or impact.

Immersive sound quality
Thanks to a wide frequency (20Hz-20kHz), sound reproduction is excellent, with well-balanced bass and treble for an immersive audio experience. The moderate impedance of 32Ω improves sound purity for better sound transmission. Whether for your music, your series or video games, the sound quality is ideal so you don't feel any hearing fatigue, even during prolonged listening.

Lightweight and compact: practical for daily use.
They allow you to enjoy music, podcasts, phone calls and other audio content wherever you are: on the street, in the office, at home, on the subway or even during your sports activities.

Built-in microphone for calls and voice recording
A microphone is built into the earbuds' remote control, allowing you to make hands-free phone calls at any time without needing to access your device. Also useful for recording all your vocals.

3-button remote control for easy, intuitive control
With the integrated remote control on the earphone cable, you no longer need to take out your device to control your music and calls. Multi-function, with a simple click you can control everything: play, pause, pick up, adjust the volume, etc.

Cable with a length of 1.2m
Its 1.2 meter long cable is perfectly suited to portable use. Neither too short nor too long, it allows comfortable and practical freedom of movement. Even more, it makes your connections easier in all circumstances.

Buds format: Ergonomics and unrivaled listening comfort
Thanks to their ergonomic tips, these headphones adapt perfectly to the geometry of your ears. They provide minimal discomfort when used for long periods of time. These headphones are the ideal solution for enjoying your music throughout the day and for as long as you want.

Compatible with devices equipped with USB C port
To enjoy all your content, these wired headphones are compatible with a wide variety of devices equipped with a USB C port, such as smartphones, tablets, laptops, speakers and many more. They offer great versatility for everyday use.

100% recycled plastic
Our Force Play headphones are eco-designed and made of recycled plastic to reduce environmental impact.

Lifetime warranty
Your product is replaced in the event of a breakdown.

Eco-designed packaging that is fully recyclable
Cardboard (certified from responsible forest management), glue (vegetable) and ink (soy).

Product Upcycling
Prepaid return of old products to be recycled to promote the circular economy.

FORCE: The smartphone accessories brand Lifetime warranty
• Sustainable accessories designed to last a long time
• Technological innovation at the service of performance and use
• A lifetime warranty to satisfy the most demanding customers
• A responsible commitment from the design of the product to its packaging: Recycled plastic, certified cardboard from responsible forest management, vegetable glue) and soy ink.
• A recycling center with pre-paid return of old products to be recycled to promote the circular economy

FORCE is a French brand whose products are designed and developed in Paris. French specialist in smartphone solutions for 25 years, our products are tested and certified according to the CE standards and directives in force on the market.
From its delivery, this product benefits from the 2-year legal guarantee of conformity.

How does the Recyclerie work?
You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?
Using the QR code or link provided in the pack of the purchased product www.force-mobility.fr/recyclerie, download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?
Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!
The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
