

Play I True Wireless Earphones Earbud White + Lifetime Warranty Force Play

Descriptif produit

A quality sound experience with a unique promise: the lifetime warranty that ensures you can replace your earbud in case of loss! Made of recycled plastic

25-hour combined autonomy

The charge box provides 25 hours of combined autonomy. . The full charge of the case with its headphones is done in just 2 hours via the USB type C cable provided.

Voice control

With Siri and Google voice assistants, it's easy to control the main functions of the device with voice or launch your favorite playlists

Touch control

A touch sensor on each of the earbuds ensures quick and easy control in a single gesture. Listen to music or answer a call with the touch of a finger.

Quality listening experience

Our headphones allow you to enjoy a quality listening experience. They produce a rich and detailed sound and offer a very good reproduction of the sound in the bass as in the treble thanks to a wide frequency (20Hz-20kHz).

Optimal sound quality

Thanks to a moderate impedance of 32Ω, they offer purity of sound and better sound transmission without compromising on battery life.

Whether for your music, series or video games, the sound quality is ideal to feel no auditory fatigue, even during prolonged listening.

Quick Connect

Bluetooth 5.3 wireless technology ensures both a stable and fast connection. After quick setup, your wireless headphones activate automatically. Remove them from their case and they immediately connect to your device for high-quality sound

Ergonomic design

Force Play wireless headphones ensure comfortable and safe wearing. Their ergonomic design conforms to the shape of the ear and guarantees optimal support. Move freely throughout the day while enjoying an enhanced sound experience.

Splash and sweat resistance

Resistant to splashes, rain and sweat, our headphones are perfect for an active or sporty lifestyle. The ideal companion for work and leisure, without fear of splashing water or sweat!

100% recycled plastic

Our Force Play headphones are eco-designed and made of recycled plastic to reduce environmental impact.

Lifetime warranty

Force Play replaces your right or left earbud with a new one in case you get lost.

Eco-designed packaging that is fully recyclable

Cardboard (certified from responsible forest management), glue (vegetable) and ink (soy).

Product Upcycling

Prepaid return of old products to be recycled to promote the circular economy.

FORCE: The smartphone accessories brand Lifetime warranty

- Sustainable accessories designed to last a long time
- Technological innovation at the service of performance and use
- A lifetime warranty to satisfy the most demanding customers
- A responsible commitment from the design of the product to its packaging: Recycled plastic, certified cardboard from responsible forest management, vegetable glue) and soy ink.
- A recycling center with pre-paid return of old products to be recycled to promote the circular economy

FORCE is a French brand whose products are designed and developed in Paris. French specialist in smartphone solutions for 25 years, our products are tested and certified according to the CE standards and directives in force on the market.
From its delivery, this product benefits from the 2-year legal guarantee of conformity.

How does the Recyclerie work?

You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?

Using the QR code or link provided in the pack of the purchased product www.force-mobility.fr/recyclerie, download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?

Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!

The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
