SAMSUNG

Samsung Galaxy Z Fold 4 Film Screen protector Samsung

Descriptif produit

Embrace sensitivity with this transparent shield for your screen. It deters everyday scratches and fingerprints while staying true to touch.

Add an extra layer of protection to your phone's screen with an ultra-clear film that won't come between you and your fingertip.

Uncompromising clarity and touch sensitivity
A seamless shield. Install the Protective Film for tough screen protection and clarity with its fully transparent display, which is also equipped with high touch sensitivity. Not to mention, it's incredibly compatible with your smartphone.

Solid layer to safeguard the screen
The Protective Film has an extra layer of anti-scratch and anti-fingerprint coating that helps safeguard your device screen against everyday scratches or accidental drops.

Easy and precise installation
No need to visit a store for the installation. Use the applicator to precisely position and cleanly install the Protective Film at home, in no time.
