Bluetooth® Speaker Player 1 10W Black and White Polaroid

Descriptif produit

The most portable of the Polaroid Player family

The Polaroid P1 Player is about the size of a refreshing apple (yes, comparing speakers to fruit is a thing now). Designed for smaller spaces and intimate gatherings, pass it around and let the music flow. The Polaroid P1 speaker is all about simplicity, playfulness, and bold colors, with a hidden talent - tap two speakers together and you'll create an immersive stereo pair with even more volume.

Any vibe, anywhere.
The Polaroid P1 comes with a handy carabiner clip. Just squeeze it and clip it to you, so the tunes can always tag along.

Use two to tango.
Tap two P1 Players together for stereo sound that's twice as nice.
