Bluetooth® Speaker Player 2 20W Blue and White Polaroid

Descriptif produit

The Polaroid P2 is twice as powerful as the Polaroid P1 and just as take-anywhere-able

If you can, close your eyes and imagine two bananas. Well done. You've just imagined the size of the Polaroid P2 Player. It's a wearable speaker - on your wrist, over your shoulder, as a necklace, or on your head – there are no wrong choices here. The Polaroid P2 speaker is the first player in the line-up to work with all the features of the Polaroid Music App - letting you play your favorite playlists with just a spin of the analog dial. It's powerful for its size, easily portable, colorful, and iconic in design.

Stand out.
Get a hold of this: Polaroid P2 comes with a wrist strap, so you can wear your favorite music on your sleeve. Wrap it around your wrist and away you go.

Use two to tango.
Sync two P2 Players together for stereo sound that's twice as nice.

Let music take control.
The free Polaroid Music app lets you control your Polaroid player with its analog dial, so you can change the music without picking up your phone. Available for Polaroid P2, P3 and P4 players.
