Descriptif produit

The camera provides essential protection when you are away from home.

The 3MP/2K Fixed lens and 3MP/2K PT lens provides two images in one camera. With the dual-lens live monitoring and panoramic pan & tilt feature, Ranger Dual ensures every corner of your home completely covered. It supports four night vision modes for clear-as day clarity even in pitch dark. Human/Pet detection quickly finds events in images and immediately sends a notification to you. With built-in spotlight and siren, Ranger Dual actively keeps unwelcome visitors away from what you care about. Privacy Mode helps protect your personal privacy when you are home, and Smart Tracking function lets the camera follows moving objects when it detects motion.
