

1-Outlet Surge protector Type E 540J + 2 USB A+C PD ports Gray and White + Lifetime Warranty Force Power Lite

Descriptif produit

Powers, charge and protect electronics and appliances from power spikes and surges

Enhanced resistance to electrical shocks up to 540 joules
A true shield against power surges and electrical disturbances: short circuits, power line surges, lightning strikes, and undervoltages. Guarantees enhanced protection to extend the life of your home and office electronics, mobile devices, and household appliances.

Protection indicator
The indicator light confirms that the surge protector is activated or if your surge protector needs to be replaced*.

Child safety features
Its shutters protect against accidental contact and the risk of electric shock.

1 European Type E socket
The ideal solution for powering and protecting devices in your home, workspace, or play area.

Two integrated fast chargers for mobile devices
No need for additional chargers; they are integrated directly into the power strip. Simply plug in your cables to quickly charge your smartphone, tablet, or any other mobile device. 20W Power Delivery charger, 70% faster than a standard charger** for your USB-C devices, and a 3A (18W) charger for your USB-A devices.

Power switch
Control the power to all your devices with a simple touch of your hand or foot to minimize your energy consumption.

Improved outlet orientation and spacing
Outlets are staggered at a 45° angle and much further apart to make it easier to connect bulky power adapters.

Dual mounting system
Integrated notches on the bottom of the unit or retractable mounting tabs at the ends make installation easy. Convenient for hanging the power strip on a wall, furniture, or under a desk: no more trailing cords!

1.5m power cord
Optimized length for greater flexibility: place the surge protector wherever you need it.

Lifetime warranty
Force Power will replace your charging accessory with a brand new one if it is damaged!

Eco-designed with 100% recycled plastic

This product is made from recycled plastic to reduce the use of single-use plastics and promote a circular economy.

Product recycling
Prepaid return of old products for recycling to support a circular economy.

To benefit from the lifetime warranty, simply create an account and register your product on the website https://force-mobility.fr/fr/utiliser-garantie, within 30 days of your purchase, with your proof.
The FORCE service will send you a new replacement earphone for the lost earphone. Once a year and without time limit so that you can always enjoy your music!

FORCE: The smartphone accessories brand Lifetime warranty
• Sustainable accessories designed to last a long time
• Technological innovation at the service of performance and use
• A lifetime warranty to satisfy the most demanding customers
• A responsible commitment from the design of the product to its packaging: Recycled plastic, certified cardboard from responsible forest management, vegetable glue) and soy ink.

• A recycling center with pre-paid return of old products to be recycled to promote the circular economy

FORCE is a French brand whose products are designed and developed in Paris. French specialist in smartphone solutions for 25 years, our products are tested and certified according to the CE standards and directives in force on the market.
From its delivery, this product benefits from the 2-year legal guarantee of conformity.

How does the Recyclerie work?
You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?
Using the QR code or link provided in the pack of the purchased product www.force-mobility.fr/recyclerie, download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?
Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!
The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
