

# Powerbank 20000mAh 3 USB A+2C ports 35W FastCharge Black Xtorm

## Descriptif produit

### Your essential ally for staying charged and connected wherever you are!

Large capacity of 20 000 mAh
No more fear of a dead battery! With its huge capacity of 20.000mAh, this Xtorm Power Bank has more than enough energy to keep your devices charged all day long. Whether you're hiking, travelling or just on the go, this Power Bank has enough capacity to fully charge your smartphone at least 4 times!

Fast charging with 35W USB-C PD
Thanks to the two fast 35W USB-C PD outputs, you charge iPhone and Android smartphones and tablets at lightning speed. Other mobile devices are also fully charged in no time. The Power Bank itself is recharged and ready to use within 3.5 hours.

Versatile charging with 3 ports and pass-through
Multiple devices can be charged simultaneously with this Power Bank! Make use of the two powerful 35W USB-C PD ports and the 18W USB-A port to charge both your phone, tablet and camera. Thanks to the pass-through function, it is also possible to charge both the Power Bank itself and connected devices simultaneously.

Sustainable and environmentally conscious design
Choosing GRS-certified plastic for this Power Bank gives new life to recycled materials. Using recycled plastic is not only good for the planet, the material also meets Xtorm's high quality and sustainability standards.

Suitable for taking on the plane
With a battery capacity of 20.000mAh, this Power Bank meets airline safety regulations. Making it suitable to take with you in your hand luggage. Keep all your devices charged during the flight and enjoy a game or watch episodes of your favourite series with peace of mind.

Safety first
To protect the connected devices and the Power Bank itself, it is equipped with a variety of safety features. The mechanisms protect against overcharging, short-circuiting and overcharging so you can carefree charge all your devices, in a safe way.
