

Smart Camera Cell 3C Quad HD 3MP with solar panel Outdoor White IMOU

Descriptif produit

Protect your life with the Cell 3C All In One camera

Protect according to your preferences
The Imou Cell 3C All in One camera lets you personalize your security thanks to its multiple options: define a detection zone, choose an alarm sound or program protection according to your specific needs.
IP66-certified, it's weatherproof, dustproof, rainproof and windproof, so you can stay safe at all times.
Easily install the camera anywhere without worrying about wiring, and quickly start protecting your home with this practical, flexible solution.

Flexible, secure storage
Its 256 GB SD card storage support and Cloud storage let you keep up to 30 days of unlimited history. Record any moment and access it easily on your phone.

Effective continuous protection
The integrated 2W solar panel ensures uninterrupted protection without additional purchase. Keep your security system running continuously, whatever the conditions.

Intelligent night vision
Adjust night vision to suit your needs. Choose between permanent color vision or activate it only in the event of an event to save energy while maintaining effective surveillance

More effective PIR human detection
The Cell 3C All in One uses an advanced video algorithm to detect people when motion is detected. This technology guarantees effective detection while extending battery life by avoiding false alarms.

Intuitive Mobile Application
Thanks to the IMOU Life application, you can constantly monitor your camera's power consumption and check the current energy level at any time. Adjust camera settings to optimize battery use according to your needs, and receive instant alerts to keep you informed in real time.
