

USB C Charger Kit 20W + USB C / USB C Cable 1m White WOW

Descriptif produit

Download CE/EU declaration of conformity

This charge pack will enable you to recharge your device quickly.

This pack includes a USB C Power Delivery charger and a 1m USB C to USB C cable.

Practical and essential
Suitable for everyday use at home, in the office or car, or for sharing with family and friends.

Fast charging and synchronisation
This USB C / USB C cable supports output currents of up to 3A for fast charging and powering compatible devices.

1m cable length
1m cables are space-saving and commonly used to connect your device to your computer, charger or external battery.

Reversible design
The cable connector is reversible, making connections even easier.

Charges all your compatible Android and iOS devices
Supports a wide range of devices compatible with USB C connectivity, including the new iPhone.

Power Delivery
Its Power Delivery compatible charging protocol is far more efficient than conventional charging technologies. Compatible with iOS (Apple) and Android (Google, Samsung, Xiaomi, Oppo...) devices, it offers an ultra-fast, safe and convenient alternative for charging all your devices.

Extremely fast charging
The USB C port on your charger offers a maximum charging speed of 20W, so you can charge your device up to 70% faster than standard 5W technology*. In particular, this technology will allow you to charge up to 50% of the battery of your iPhone 8 or later model or your Samsung S20 or higher model in around 30 minutes!

Intelligent
The charger automatically detects the charging current required for rapid charging. When the charge level reaches 100%, it cuts the power supply, preventing the battery from running continuously. This innovative technology avoids the risk of overheating and extends battery life. When you're in a hurry, our chargers give your battery a boost in no time.

Power Delivery compatibility
To benefit from the optimal charging speed of a Power Delivery charger, you need an Apple or Android device compatible with this technology, a USB type C to USB type C or Lightning to USB type C charging cable and a USB-PD compatible charger.

*Charging time depends on the device's charging capacity, temperature, battery wear and tear, the power delivered by the charger and the device's charge level.

Works with the following protocols: FCP (Huawei), PPS (Samsung), PD 3.0 (Apple, Samsung, Fairfone, One Plus), Apple 2.4A (Apple)

Port(s) : **USB C - Connector type**

Color : **White**

Feature(s) : **USB Port(s) Output: USB C 20W - Cable Lenght: 1m - Charge Protocole: Power Delivery**

Cable lenght : **1m**

Port(s) : **USB C / USB C**

Power : **20W**

Carbon footprint (kg CO2e) : **2.85**

Ref : **WOWCS20WCPDCBLCCW**

EAN : **3571211536567**

Pack contents : USB C Charger Kit 20W + USB C / USB C Cable + User Guide/Security/Warranty
