

Wave Flex 2 True Wireless Earphones Earbud Black JBL

Descriptif produit

Life is too short to be bored

JBL Pure Bass sound
JBL Wave Flex 2 earphones feature dynamic 12mm drivers that deliver fabulous JBL Pure Bass sound.

Smart Ambient technology
JBL Wave Flex 2 headphones feature Smart Ambient technology. Ambient Aware adjusts the level of outside noise you want to hear, while TalkThru lets you talk to other people, all without removing your earphones.

4 microphones for clear, crisp calls
Two microphones on each earpiece pick up and transmit your voice clearly while reducing ambient noise. So you can make calls
even when you're walking through a busy park on a slightly windy day.

Water and dust resistant
Your JBL Wave Flex 2 are IP54 water and dust resistant, so you can use them in rainy or windy conditions. Even the case is
IPX2 rating, so you don't have to worry about taking it with you.

My JBL Headphones app
Use the JBL Headphones app to select the equalisation that matches your style, or customise your own. Voice prompts in multiple languages give you useful information, like how low your battery is. Or relax and rejuvenate in Relax mode by choosing one of five soothing sounds, such as the gentle sound of ocean waves or the crackle of a log fire.

40 hours of battery life, plus fast recharge
Enjoy 10 hours of battery life and three further full charges (3 hours) in the charging case. Need to recharge even faster?
10 minutes on a USB-C charging cable will give you an extra three hours of battery life.

Multi-point connection
Pair your JBL Wave Flex 2 headphones with two Bluetooth® devices at the same time, then switch easily between them. So if you're watching
on your tablet, you won't miss a call on your mobile.

Seamless Bluetooth® pairing
JBL Wave Flex 2 are compatible with Swift Pair by Google and Swift Pair by Microsoft. So they pair immediately with your Android devices
Android devices and your Microsoft computer at the touch of a button.
