# Smart doorbell DB2S Chime/Repeater 2K 3MP 5m Color Night Vision / AI Person Detection WiFi Black IMOU

## Descriptif produit

### 2K, wireless and smart surveillance for your entryway

Discover the world in 2K
The Doorbell 2S offers high resolution 2K QHD so you don't miss a detail

5,000 mAh battery and USB-C fast charging
The large 5,000 mAh battery lasts up to 120 days on a single charge. Thanks to the USB-C port, the battery charges in no time.

Completely wireless
Install the 2S in no time, without worrying about wiring. The 2S is completely wireless and can be installed in just a few steps.

Remote-controlled rotating lens
The doorbell's lens can rotate up to 30 degrees horizontally. The rotating lens can be controlled via the Imou Life app. Intelligent tracking can also be selected, which automatically tracks movements when they are detected.

166-degree wide-angle lens
The 2S features a wide-angle lens with a 166-degree field of view and a 4:3 frame. Thanks to this lens, a full image of the front is displayed.

Infrared night vision
The video doorbell features infrared night vision. This provides clear black and white images at night. Infrared night vision has a range of 5 meters.

Detection of suspicious behavior
The doorbell's advanced detection capabilities help avoid unnecessary notifications. For example, it can be configured to receive a notification only after a certain amount of movement. To avoid sending a notification to a passer-by. In this case, all detections are stored.

Weatherproof
The 2S doorbell can withstand all weather conditions and is IP-certified.
