USB A + USB C Travel Charger Kit SlimTravel Pro 65W Europe/UK/USA/Australia/China + Ultra Reinforced USB C / USB C + Carrying pouch Cable 2m Gray + Lifetime Warranty Force Power

Descriptif produit

Stay connected around the world

Ultra-slim, foldable power adapter: compact design for life on the go
Thanks to its retractable power plug that's seamlessly integrated into the design, this charger guarantees exceptional portability. It slips flat into a pocket, briefcase, or bag. Whether traveling, at the office, or at home, enjoy minimal bulk for unrestricted everyday use.

International travel companion
Equipped with three removable plugs (US, EU, UK), this 65W charger adapts to various global electrical standards. It's the essential accessory for easily powering all your devices abroad.

Ultra-fast 65W Power Delivery
Enjoy ultra-powerful charging up to 65W Power Delivery, ideal for charging your laptops, tablets, and smartphones at maximum speed (up to 3 times faster than a traditional charger). Its compact and versatile design makes it perfect for all your travels and trips.

Dual USB-A/USB-C connectors and a reinforced 2m cable included
Thanks to its dual connectors (USB-A and USB-C) and its included ultra-resistant 2m reinforced cable, offering great freedom of movement, this travel kit allows you to quickly and simultaneously power two everyday devices: laptops, MacBooks, iPads, smartphones (iOS and Android), wireless headphones, or a power bank.

Ultra-GaN technology for an ultra-compact design
Thanks to GaN (gallium nitride) technology, the components are miniaturized to offer extreme compactness without compromising on power. Much less bulky than a traditional or computer charger, its compact cube shape optimizes space on crowded outlets and easily slips into a handbag, backpack, or suitcase for everyday use or on the go.

Smart and Eco-Friendly Charging
Smart charging technology automatically detects and adjusts the power and current needed according to the requirements of each connected device. It gives your battery a boost in no time. When the level reaches 100%, the power is cut off to prevent the battery from running continuously. This technology protects your devices, prevents overheating, and extends battery life.

Power Delivery Compatibility
Enjoy the optimal charging speed of Power Delivery technology. To take advantage of this, you simply need an Apple or Android device compatible with this technology, a USB-C to USB-C or Lightning to USB-C charging cable, and a USB-PD compatible charger.

Robust, Secure, and High-Performance
Made with premium components and meeting stringent technical requirements, it guarantees long-lasting performance and maximum reliability. It effectively protects against everyday mechanical and physical shocks, power surges, and high temperatures for safe use at home, in the office, or when sharing with family and friends.

Multi-protocol compatibility for peak performance
Its Power Delivery compatible charging protocol is far more efficient than conventional charging technologies*: PPS standard compatible with USB PD 3.0 & Qualcomm QC4.0.

Lifetime warranty
Force Power will replace your charging accessory with a brand new one if it is damaged!

Eco-designed with 100% recycled plastic
This product is made from recycled plastic to reduce the use of single-use plastics and promote the circular economy.

Product recycling
Prepaid return of old products for recycling to promote the circular economy.

Thanks to the lifetime warranty, FORCE will replace your right or left earphone with a new earphone in the event of loss.
To benefit from the lifetime warranty, simply create an account and register your product on the website https://force-mobility.fr/fr/utiliser-garantie, within 30 days of your purchase, with your proof.
The FORCE service will send you a new replacement earphone for the lost earphone. Once a year and without time limit so that you can always enjoy your music!

FORCE: The smartphone accessories brand Lifetime warranty
• Sustainable accessories designed to last a long time
• Technological innovation at the service of performance and use
• A lifetime warranty to satisfy the most demanding customers
• A responsible commitment from the design of the product to its packaging: Recycled plastic, certified cardboard from responsible forest management, vegetable glue) and soy ink.
• A recycling center with pre-paid return of old products to be recycled to promote the circular economy

FORCE is a French brand whose products are designed and developed in Paris. French specialist in smartphone solutions for 25 years, our products are tested and certified according to the CE standards and directives in force on the market.
From its delivery, this product benefits from the 2-year legal guarantee of conformity.

How does the Recyclerie work?
You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?
Using the QR code or link provided in the pack of the purchased product www.force-mobility.fr/recyclerie, download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?
Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!
The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
