USB A + 2 USB C Charger Volt 140W PD GaN For Notebooks White Xtorm

Descriptif produit

A powerhouse in a compact format.

To power the next generation of laptops, we have developed this Volt II USB-C PD GaN wall charger that supports up to 140W of power. This is made possible by implementing the PD 3.1 standard, with support for Extended Power Range (EPR). Don't be fooled by its small size: these chargers pack a powerful punch!

Compact design for travel
The revolutionary small size of Volt II chargers is made possible by innovations in GaN chips. These technologies allow chargers to efficiently and safely handle more power in a smaller form factor. This allows them to be up to 70% smaller than non-GaN chargers!

Multi-port charging
This charger was designed with multi-port charging in mind. It has two powerful USB-C PD outputs, as well as a USB-A Quick Charge 3.0 port for added versatility. This means you can charge 3 devices at the same time.

Universel - Port(s) USB A+2C PD

Color : **White**

Feature(s) : **USB Port(s) Output: USB A + 2 USB C 140W - Charge Protocole: Power Delivery**

Port(s) : **USB A + 2 USB C**

Power : **140W**

Ref : **XTORMXAT140**

EAN : **8718182277104**

Pack contents : USB A + 2 USB C Charger Volt 140W PD GaN For Notebooks + User Guide/Security/Warranty

Technical characteristics

Dimensions : 8x2,8x11,5 cm
Weight : 270g
Number of Outputs : 3
Output 1 Type : USB-C PD
Output 2 Type : USB-C PD
Output 3 Type : USB-A
Output 1 (W) : 140.00
Output 2 (W) : 100.00
Output 3 (W) : 22.50
Output Types : USB-A Quick Charge 3.0,USB-C PD
Max power (W) : 140.00
