Descriptif produit

Wireless charging that combines power, speed, and freedom

Charge quickly with Qi 2.0 wireless technology.
With faster and more reliable Qi 2.0 technology, wireless charging adapts to your pace, wherever you are. At home, at the office, or on the go, enjoy instant, seamless power that keeps up with your busiest days.

Place. Charge. Live
With 15W fast wireless charging, your Galaxy smartphone regains its full power in an instant. Designed to adapt to your pace and support your most creative moments, it gives you the freedom to stay connected to your ideas without ever slowing down. More than just charging, it's a boost to go even further.

Simply attach it magnetically
Thanks to its built-in magnets, your device aligns perfectly for immediate attachment and faster, more intuitive charging. No need to search for the right angle: simply place your Galaxy down and let the technology do the rest. A seamless experience, designed to free your mind and offer you more comfort, day after day.

Lightweight, refined, and ready to go wherever you go
With its sleek design and smooth, durable finish, it's the perfect companion for every moment. From the office to business trips to spontaneous getaways, it combines style and reliability to go wherever you go, without compromise.

Slim, discreet, for unfailing freedom
Thanks to its thickness of only 7mm and its design, recharge your smartphone while using all its features: take photos, videos, it has been designed for all your activities.

Always stay one step ahead
No more short cables: with its 1.5m length, enjoy comfortable charging, even if your laptop or adapter is a little further away.
