iPhone 17 Folio Copenhagen Slim Leather Video Stand function Tan DBramante1928

Descriptif produit

Practical, secure, and stylish, this high-end accessory protects your belongings while adding a touch of sophistication to your everyday life.

Handcrafted full-grain leather
The Folio Slim Copenhagen by DBRAMANTE is expertly handmade using high-quality full-grain leather, known for its strength and longevity. This naturally treated leather maintains a smooth and refined texture, gracefully aging over time. It's a true luxury item that combines elegance with durability to protect your device stylishly.

Optimal shock protection
Designed for maximum protection, this folio shields your phone from daily impacts. Its impact-absorbing design minimizes the risk of damage from drops while securely holding your device.

Wireless charging compatibility
The Folio Slim Copenhagen allows for easy wireless charging without removing your phone from the case. Its slim and well-fitted design does not interfere with energy transmission, enabling you to charge your device effortlessly while keeping it protected.

Convenient card slot
This practical model includes a side compartment that can hold up to three cards. Whether it's your credit card, transit card, or ID, you have your essentials at your fingertips. It's the perfect space-saving solution for those who prefer to travel light.

Video stand functionality
The Folio Slim Copenhagen also serves as a stand for your phone. Its clever design holds your device upright, making it easy to watch videos, make video calls, or engage in other activities, all while remaining perfectly stable.

Slim, tailored design with magnetic closure
With its slim and tailored design, this folio is crafted to be elegant without adding bulk to your phone. It features a discreet yet effective magnetic side closure, ensuring a secure hold while allowing easy access to your device with a simple motion.

Anti-RFID protection against electronic theft
This model is equipped with anti-RFID technology, an innovative feature that safeguards your cards against electronic skimming. It prevents thieves from remotely scanning your personal information, providing enhanced security against data theft.

Technical characteristics

Protect your phone and the planet
Dbramante1928 work to change the industry by providing long-lasting alternatives to single-use plastic products. Due to the material's durability, full-grain leather cases prolong the product life cycle, which is an important step to save on resources and thereby minimize the environmental footprint.
All our full-grain leather products are produced in our own solar panel driven factory, making our production 100% co2-neutral.

With guidance from WWF, we work towards becoming climate positive.
