

Powerbank Power Go 20000mAh 2 USB A+C ports 40W PD/QC Built-in Cable Space Grey + Lifetime Warranty Force Power

Descriptif produit

The 20 000mAh high-capacity powerbank with integrated cable for fast charging via Power Delivery - Lifetime warranty

Integrated angled USB-C cable for maximum convenience
No more lost cables! This power bank features an integrated angled mini USB-C cable, neatly concealed within the casing. Always within easy reach, it allows for quick and direct charging of your USB-C devices without the need to carry anything extra. Its angled design optimizes ergonomics during use, even while you're using your device.

Large capacity for extended battery life
With its generous 20,000mAh capacity, this power bank lets you recharge your mobile devices multiple times. Whether it's for a smartphone, tablet, or wireless earbuds, it provides enough power to last you all day, or even several days depending on your usage. Ideal for travel, commuting, or simply ensuring you never run out of battery.

Ultra-fast and intelligent charging thanks to 40W Power Delivery
Equipped with the 40W Power Delivery protocol, this power bank ensures fast, safe, and optimized charging for the connected device. It automatically adjusts the power output to ensure optimal efficiency without overheating or damaging your devices. Ideal for recent smartphones, tablets, or even some compatible laptops.

Charge three devices simultaneously
With its three charging outputs—a USB-A port, a USB-C port, and the integrated USB-C cable—this power bank lets you charge up to three devices at the same time. Perfect for sharing power with loved ones or powering multiple devices on the go, without compromising charging speed.

*Charging time depends on the charging capacity of the devices, as well as temperature, battery wear, the power output of the charger, and the device's charge level.

Lifetime warranty
Force Power will replace your charging accessory with a brand new one if it is damaged!

Product recycling
Prepaid return of old products for recycling to support the circular economy.

Universal - Port(s) USB A+C

Thanks to the lifetime warranty, FORCE will replace your right or left earphone with a new earphone in the event of loss.
To benefit from the lifetime warranty, simply create an account and register your product on the website https://force-mobility.fr/fr/utiliser-garantie, within 30 days of your purchase, with your proof.
The FORCE service will send you a new replacement earphone for the lost earphone. Once a year and without time limit so that you can always enjoy your music!

FORCE: The smartphone accessories brand Lifetime warranty
• Sustainable accessories designed to last a long time
• Technological innovation at the service of performance and use
• A lifetime warranty to satisfy the most demanding customers
• A responsible commitment from the design of the product to its packaging: Recycled plastic, certified cardboard from responsible forest management, vegetable glue) and soy ink.
• A recycling center with pre-paid return of old products to be recycled to promote the circular economy

FORCE is a French brand whose products are designed and developed in Paris. French specialist in smartphone solutions for 25 years, our products are tested and certified according to the CE standards and directives in force on the market.
From its delivery, this product benefits from the 2-year legal guarantee of conformity.

How does the Recyclerie work?
You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?
Using the QR code or link provided in the pack of the purchased product www.force-mobility.fr/recyclerie, download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?
Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!
The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
