Wired Mouse Ergo Next Right-handed ergonomic vertical Black Urban Factory

Descriptif produit

With this ergonomic vertical mouse for right-handed people, stop the pain associated with prolonged use of your mouse.

ERGO NEXT is a wired ergonomic vertical mouse.

It was designed to prevent arm and wrist twisting, providing relief during prolonged use.

The sensor resolution can be adjusted from 1200 to 3600 DPI so you can use the movement speed that best suits your needs.

It's a 6-button mouse that connects to a USB-A port or a USB-C port via the included adapter.

The two side buttons will facilitate navigation through your web applications with their integrated "next" and "previous" functions.

Its silent clicks will provide optimal working comfort, as will its 1.5-meter connection cable.
