MagSafe Wireless Powerbank 5000mAh 15W Qi 1 USB C port 20W PD/QC Gray Rivacase

Descriptif produit

Recharge your mobile anytime, anywhere with this compact, lightweight 5000 mAh magnetic power bank featuring fast wireless charging up to 15W.

Compact 5000 mAh Power Bank with Wireless Charging
This power bank features a 5000 mAh Li-polymer battery and supports wireless charging up to 15W. Its MagSafe-compatible magnetic alignment ensures a stable connection and optimal charging for the latest iPhone models.

Fast and Versatile Charging
Equipped with a USB-C output of up to 20W, it allows for fast charging of smartphones and tablets. Its integrated USB-C cable, which also serves as a wrist strap, makes it easy to carry, while the LED indicator allows you to easily monitor the charge level.

Built-in Safety and Convenient Use
This power bank is equipped with multiple protections against overcharging, over-discharging, overvoltage, and short circuits. It supports pass-through charging, allowing you to charge the power bank and a device simultaneously. Automatic power on/off ensures simple and intuitive operation.

Ultra-compact size for your travels
With its dimensions of 104 × 64 × 8 mm and its light weight of 120 g, this external battery easily slips into a pocket or bag, ideal for travel and everyday use.
