

Crosscall Core M6 Screen protector X-Glass Tempered glass Crosscall

Descriptif produit

Strengthen your outdoor smartphone display with an ultra-tough 9H tempered glass screen protector offering high optical clarity and original touch sensitivity.

High-Grade Japanese Tempered Glass Crafted from premium Japanese tempered glass, this screen protector is precision-cut and polished to match your device dimensions seamlessly. Sacrificial Shock Protection Against Heavy Impacts Engineered to absorb energy from severe drops and violent bumps, this glass acts as a sacrificial barrier, breaking upon high impact to protect the underlying original display. Sapphire-Grade 9H Scratch Resistance Featuring an industry-leading 9H hardness rating, this protector prevents surface scratches from keys, tools, or sharp metallic objects carried in pockets or toolkits. Uncompromised Touch Sensitivity and Smoothness The ultra-thin precision engineering preserves the natural feel and responsiveness of your display, keeping every swipe, tap, and gesture fast and fluid. Oleophobic Anti-Fingerprint Coating Coated with a specialized oleophobic surface treatment, it actively repels grease and oils while minimizing fingerprint smudges for clear viewing. Ultra-Clear 98% Optical Transparency With a 98% light transmission rate, this crystal-clear glass maintains native display brightness, rich colors, and image sharpness without optical distortion. Easy Bubble-Free Silicone Installation Featuring a thin silicone adhesive layer on its inner side, the protector installs quickly and smoothly with optimal full-screen adhesion.

Compatible Crosscall Core M6
