

2 in 1 Pack Samsung Galaxy S26 Ultra Magnet Case Carbon fiber Coral Red + Screen Protective film Samsung

Descriptif produit

A custom-made, ultra-thin carbon fiber protection

A 0.8 mm case that protects without compromising on slimness. It combines elegance, lightness, and durability in a minimalist design for your phone.

Stylish carbon. Ultra-thin carbon.
Experience robustness in an ultra-thin format. Made of aramid -a synthetic carbon fiber renowned for its strength-the carbon fiber case resists shocks and scratches. The synthetic aramid carbon makes the case scratch-resistant without degradation over time.

Soft touch, guaranteed protection.
The carbon fiber case includes an anti-reflective film on the front, which protects the screen while remaining perfectly responsive to touch. On the back, the case adds elegant protection against scratches and everyday wear and tear.
