

Samsung Galaxy S26 Ultra Film Screen protector Matt Anti-Glare Samsung

Descriptif produit

Less reflections, higher visibility and optimal viewing comfort in direct sunlight

Perfect outdoor visibility and clarity
Featuring a high-performance anti-reflecting coating, this official screen protector allows you to read and enjoy your content clearly, even under bright light or direct sunlight. Experience your favorite media with vibrant colors and sharp details at any time.

Effective everyday shield against scratches
This protective film adds a robust layer of defense to preserve the integrity of your display throughout the day. It efficiently safeguards your device from dust accumulation, friction, and daily scratches, keeping your screen looking brand new.

Easy bubble-free installation with precision tools
Installing your screen protector is a breeze thanks to the included alignment tool that ensures a flawless setup on your display. Using the microfibre cloth, squeegee, and dust-removal sticker provided in the box, you can easily remove any imperfections for a smooth finish.
