

MagSafe Wireless Powerbank MagPro Slim 10000mAh 25W Qi2.2 1 USB C port 20W PD/QC Stand + Attached Cable Blue Iniu

Descriptif produit

Next-generation power: a record-breaking 25W output and a 10,000mAh capacity in an ultra-slim design.

Qi 2.2 Technology and 25W Charging

This advanced power bank uses the Qi 2.2 standard to deliver ultra-fast magnetic wireless charging up to 25W. Its powerful magnet ensures a secure connection and maximum energy efficiency for your compatible devices.

10,000 mAh Capacity and Slim Design

Enjoy extended battery life thanks to its 10,000 mAh capacity, capable of recharging your smartphone multiple times. Despite this power, it maintains an ultra-slim profile to easily slip into any pocket.

Integrated USB-C Cable and 20W PD Charging

Convenient and versatile, this power bank features an attached USB-C cable for immediate wired charging. This connector delivers 20W of power with Power Delivery (PD) technology for your urgent needs.

Optimized Video Stand Function

The integrated stand allows you to hold your phone in an ideal viewing position while charging. It's the perfect accessory for watching video content or making calls while keeping your hands free.
