

Woven material USB C / USB C Cable 3A 1.2m PD 60W Tiffany Bigben

Descriptif produit

A cable with a strong, colorful and elegant braided coating to charge your mobile devices

Practical and indispensable
Suitable for everyday use, whether at home, in the office, in the car, on the move or to share with family and friends. Synchronise music, photos or data and charge your devices: phones, external batteries, tablets, etc.

Braided nylon coating
The braided fibre makes your cable extremely strong and prevents it from tangling. It lasts longer than traditional cables and is easier to store.

Elegant, colourful design
Their aesthetics and trendy colours add a touch of personality to your charging cable. The pattern created by the braiding also adds an elegant visual texture.

Fast charging speed and synchronisation
This USB C / USB C cable supports output currents of up to 3A for fast charging and powering of compatible devices.

3A Power Delivery compatibility
To benefit from the ultra-fast Power Delivery charging speed, you need a charging cable with a minimum current of 3A, a device or Android compatible with this technology and a USB Power Delivery compatible charger.

A more practical 1.2m cable length
1.2m cables are generally used to connect your device to your computer, charger or external battery. Longer than traditional 1m cables, they are more convenient to use and take up less space.

Reversible design
The cable connector is reversible, making connections even easier.

Charges all your compatible Android and iOS devices
Supports a wide variety of devices compatible with USB C connectivity, including the new iPhone.

Eco-designed with 100% recycled plastic
This product is made from recycled plastic to reduce the use of single-use plastics and promote the circular economy

Eco-designed packaging that is fully recyclable
Cardboard (certified from responsible forest management), glue (vegetable-based) and ink (soy-based)

Re-use of products
Prepaid return of old products for recycling to encourage the circular economy

Bigben Connected is a French brand whose products are designed and developed in Paris.
French specialist in smartphone accessories for 25 years, our products are tested and certified according to the standards and directives in force on the market.

How does the Recyclerie work?
You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?
Thanks to the QR code or link provided in the pack of the purchased product www.bigbenconnected.fr/recyclerie/, download a prepaid return on our website to send us your product to be recycled.

What happens to my old product?
Once recycled, your product is reintegrated into the production of everyday objects such as: bicycles, radiators, public benches, etc., this is called the circular economy!

What is my product's Green Act rating?
Green Act has been designed to help you make a more responsible choice in favor of the environment when buying an accessory for your mobile. Each product is rated on more than 70 criteria evaluating its environmental, social and ethical impact as well as its performance in use. Find out how the environmental impact of our products is calculated at www.thegreenact.org.
