Descriptif produit

Ultimate 100W Power in an Ultra-Compact Format for All Your Devices

Ultra-fast charging power
This charger delivers up to 100W via Power Delivery to recharge your laptops and smartphones at full speed. It allows you to reach full battery capacity in record time.

Advanced GaN II Technology
The use of Gallium Nitride offers superior thermal efficiency while reducing the adapter's size by 45%. This innovation ensures massive power in an ultra-portable format.

Intelligent flow management
The integrated chip dynamically distributes energy across the three ports to safely power your devices simultaneously. It instantly recognizes each piece of equipment to deliver the optimal current.

Temp°Guard 2.0 Safety
The protection system monitors temperature in real-time to prevent any risk of overheating or surge. You enjoy peaceful and long-lasting charging for your batteries.
