Solar Panel + Camera Kit Tapo TC82 2K 3MP Outdoor White TP-Link

Descriptif produit

Tapo TC82 Kit: 2K Wireless Surveillance and Sustainable Solar Power

Simplified Setup and Continuous Solar Energy
With its adjustable solar panel and built-in rechargeable battery, this camera operates completely wire-free for total installation freedom. Enjoy a constant, eco-friendly power source that eliminates the need for manual battery recharging.

2K Clarity and Smart AI Detection
The 2K 3MP resolution delivers remarkable image precision to identify every visitor with exceptional clarity day or night. Built-in AI accurately detects people, reducing false alerts to notify you only during significant events.

Active Deterrence and Full-Color Night Vision
The TC82 features integrated spotlights for full-color night vision and a sound alarm to deter intruders. In the event of suspicious activity, the system instantly triggers customizable light and sound alerts.

Robust Design and Secure Local Storage
IP65-certified, this camera is weather-resistant to ensure reliable monitoring regardless of climatic conditions. Securely store your recordings on a local microSD card for fast access without mandatory subscription fees.
