

Xiaomi 17 Case Hybride Made for Xiaomi Leather effect Black Made For Xiaomi

Descriptif produit

elegance combined with high-performance semi-rigid protection

Modern and refined design This exclusive back cover features a premium PU leather-effect coating, giving your smartphone a professional look. Its hybrid structure combines a luxurious aesthetic with a slim profile to maintain your device's original lines. Unique "Skin Touch" feeling Enjoy a superior sensory experience thanks to its "Skin Touch" texture, which is incredibly soft and pleasant to hold. This anti-fingerprint coating ensures a secure grip while providing everyday comfort. Durable semi-rigid protection Engineered with flexible TPU and robust PU, it effectively absorbs shocks and resists scratches. Its raised edges guarantee optimal security for your screen and camera lenses every time you set it down. Tailor-made Made for Xiaomi design Benefit from a precise fit that provides full access to all ports, buttons, and features of your phone. This protection ensures perfect compatibility and simple one-step installation.
