

Kit Smart Alarm 5 elements 4 buttons Remote Control White IMOU

Descriptif produit

Complete and Scalable Wireless Residential Security

The IMOU 5-in-1 pack is a complete wireless security solution including a hub, an infrared motion detector, two door/window sensors, and a remote control. Connected via Wi-Fi, this kit allows for real-time monitoring via smartphone and plug-and-play installation without any wiring. It's the ideal system for quickly securing an apartment or house with effective perimeter and volumetric protection.

Complete and connected home security
This all-in-one kit offers proactive monitoring of your home thanks to a smart hub and high-precision sensors. It ensures reliable perimeter and volumetric protection, alerting you instantly in the event of a detected intrusion.

Simplified and scalable installation
Enjoy quick setup without complex wiring thanks to the components' native wireless technology. The system is designed to adapt to your needs, allowing for the easy addition of extra accessories for complete coverage.

Intuitive management via mobile app
Control your entire security system from your smartphone using the dedicated interface. Arm, disarm, or receive real-time notifications to keep an eye on your home, wherever you are.

Extended battery life and enhanced reliability
The door, window, and motion sensors benefit from optimized energy management for maximum battery life. The control panel ensures a stable and secure connection between all components of the system for lasting peace of mind.

Compatible WiFi

Color : **White**

Ref : **IMOUKITALARMEWHNEW**

EAN : **6937479644692**

Pack contents : Kit Smart Alarm 5 elements 4 buttons Remote Control Smart alarm control panel (Hub ZG2) + Motion detector (PIR ZP1) + 2 Door/Window sensors (ZD1) + Key fob remote control (ZB1) + User Guide/Security/W

Technical characteristics

Kit components include:
1x Smart Alarm Hub (ZG2): The heart of the system, connecting all accessories to your Wi-Fi network and managing alerts.
1x Motion Detector (PIR ZP1): An infrared sensor designed to detect human movement while ignoring pets weighing less than 25 kg.
2x Door/Window Sensors (ZD1): Magnetic sensors to secure two access points (doors or windows). They trigger an alert as soon as the magnetic contact is broken.
1x Key Fob Remote (ZB1): Allows you to arm or disarm the system remotely and includes an emergency (panic) button.
