Descriptif produit

Optimal protection for your device with a smooth finish and a convenient ring

Dress up your device in style
The smooth, elegant finish of this silicone case protects your device while providing a comfortable grip and a pleasant feel.

Give your smartphone optimal protection against bumps and scratches
The Samsung silicone case features a slim design that allows you to easily slip your device into your pocket. Robust and durable, it offers optimal protection while perfectly conforming to the curves of your device.

Integrated magnetic technology
The built-in magnets ensure perfect alignment of your phone with wireless chargers for fast and efficient charging. This magnetic interface guarantees a stable and secure connection every time.

Ecosystem of compatible accessories
Thanks to its magnetic base, you can easily attach and detach a wide range of compatible accessories. Personalize your mobile experience with magnetic card holders, car mounts, or power banks.

A comfortable and practical grip
Equipped with a ring, it allows you to securely hold your device on your finger and keep it in place for taking selfies or writing messages.

A touch of color
Available in several colors, match your style to your phone.
