

SAMSUNG

Samsung Galaxy Z Flip 8 Film Screen protector Matt Anti-Glare Samsung

Descriptif produit

Give your mobile screen robust anti-glare protection

Less glare, more visibility, more comfort
This protective film has an anti-reflective coating so you can see and read everything clearly, even while sunbathing. Enjoy the things you love in bright, clear colours.

Protection that's just as good
The anti-reflective protective film offers an extra layer of protection against dust and scratches, so your phone stays as good as new.

No more bubbles and dust - installing your film is child's play
To install the protective film, simply use the applicator to align it precisely. Remove any bubbles or dust from your screen with the squeegee, cloth and anti-dust sticker included in the box for perfect application.
