

Charging Hub 130W Xiaomi Hyper Black Iniu

Descriptif produit

Centralize and power your entire tech ecosystem instantly with pure, intelligent charging capability.

Versatile 6-in-1 charging station
This charging hub stands as the ultimate control center for your desk by accommodating up to six devices simultaneously. Equipped with 4 USB-C ports and 2 USB-A ports, it powers your laptops, smartphones, tablets, and accessories without making you choose.

GaN technology and 130W output
Thanks to the integration of advanced Gallium Nitride (GaN) chips, this station delivers a total output of 130W within a remarkably compact size. It is capable of driving a compatible laptop up to 100W while charging your other mobile devices at full speed.

Powered by Xiaomi HyperCharge
Specially engineered to maximize the performance of your brand devices, this hub incorporates dual HyperCharge-compatible USB-C ports. This innovation allows you to power up compatible smartphones and tablets at lightning speed, reaching near-full battery capacity in a flash.

Ultra-compact design and clean desk
No more tangled cables and multiplying unsightly power bricks on your power strips. This station, featuring a modern and minimalist design, efficiently structures your workspace, keeping your environment clean, organized, and ready for daily productivity.
