

Smart Watch ICE SMART Junior Find Hub 3.0 Rectangular Silicone Strap Pink and White Ice Watch

Descriptif produit

Style, technology and peace of mind for kids

Smart tracking built-in with Google Find Hub

This connected smartwatch features advanced tracking capabilities compatible with the official Google application. It allows parents to easily locate the watch if it is lost or forgotten directly from an Android smartphone using the worldwide Find Hub network.

Bright rectangular AMOLED touchscreen display

The watch boasts a stunning 1.75-inch rectangular AMOLED touchscreen that delivers ultra-bright visuals and sparkling colors. Perfectly tailored for children aged 6 to 10, its fluid interface comes with multiple changeable watch faces to match any mood.

Comprehensive fitness tracking and built-in games

A true companion for daily adventures, this hardware includes a pedometer for counting steps alongside several sports modes such as walking, running, or cycling. Children can also enjoy fun integrated games, a calculator, and remote music playback controls.

Health monitoring metrics and wellness tools

Far more than a simple gadget, this smartwatch continuously monitors heart rate, blood oxygen levels (SpO2), and blood pressure right at the wrist. Its integrated sleep tracker also accurately analyzes night rest cycles to ensure the child's overall well-being.

Smart notification alerts and parental control features

Connected via Bluetooth to a smartphone through the ICE JUNIOR app, it enables the user to receive texts and important notifications. Parents retain full control over the device thanks to a powerful parental control mode to set usage limits.

Extended battery lifespan and robust waterproof body

Engineered to keep up with young explorers, its lightweight polyamide casing is paired with a soft blue silicone strap and an IP68 waterproof rating. Its 300 mAh battery delivers an excellent 5 to 7 days of runtime under regular use for non-stop action.
