

Powerbank Turbo 60000mAh 3 USB A+2C ports 100W PD/QC Black Rivacase

Descriptif produit

The ultimate ultra-high capacity 60000 mAh portable power station with 100W fast charging

Phenomenal 60000 mAh capacity for endless autonomy
This power bank packs a colossal energy reserve allowing you to recharge all your mobile devices multiple times while on the move. It represents the perfect backup power solution for long trips, outdoor camping, or professional blackouts.

100W Power Delivery technology for laptop computers
Thanks to its high-performance 100W USB-C output port, it can efficiently power the most demanding laptops such as MacBook Pros. An ultra-fast charging speed that directly rivals standard wall chargers.

Simultaneous multi-device charging with total safety
It features multiple USB-A and USB-C output ports to power your smartphones, tablets, earphones, and gaming consoles together. Its intelligent management system optimizes and distributes power to each connected device.

Informative and precise LCD digital interface
The integrated digital display indicates the exact remaining battery percentage as well as the real-time charging status. This ergonomic setup allows you to map out your power needs and monitor power delivery at a glance.

Total security and advanced electronic protection
This premium portable charger incorporates multiple safety guardrails against overcharging, deep discharging, overheating, and short circuits. A microprocessor-controlled build that preserves the lifespan of your valuable electronic hardware.

Robust structural layout with built-in carrying handle
Its reinforced shell is specifically engineered to resist light impacts and the physical demands of outdoor environments. The presence of an ergonomic built-in handle greatly facilitates its grip and transport despite its high-capacity form factor.

Technical characteristics

Colossal capacity: High-density 60000 mAh battery cell ensuring multiple complete recharging cycles
Extreme output: 100W USB-C Power Delivery slot ideal for refueling high-performance laptop computers
Multi-connectivity: Several USB-A and USB-C ports available to power all your mobile hardware simultaneously
Precise indicator: LCD digital screen displaying real-time battery level status and active charging metrics
Integrated safety: Advanced hardware shielding against overheating, power surges, and short circuits
Travel-ready layout: Robust and reinforced casing featuring an ergonomic carrying handle for outdoor use

Compatibilité

Compatibilité
Compatible avec : appareils USB-C.

Universal - Port(s) USB A+2C

Color : Black

Feature(s) : Battery Capacity: 60000mAh - Wired Charge 100W PD/QC -

Port(s) : USB C / USB C

Power : 60000mAh

Ref : RIVACPB1086CAMPING

EAN : 4260709016504

Pack contents : Powerbank Turbo 60000mAh + USB C / USB C Cable + User Guide/Security/Warranty
