

Bluetooth® Speaker Mega Mush 3W Luminous with succion pad Red MOB

Descriptif produit

The official MOB Mega Mush 3W mini Bluetooth light-up speaker with built-in suction cup and TWS stereo pairing

Fun design and touch-controlled light dome

Add a touch of fun and color to your day with a charming mushroom-shaped design. Simply press its soft silicone top to cycle through vibrant lighting modes and match your mood to your music.

Powerful 3W sound with TWS stereo mode

Enjoy surprisingly punchy and clear audio output powered by a 3W speaker driver. Thanks to integrated stereo pairing functionality, you can link two Mega Mush speakers together for an enhanced stereo experience.

Multi-surface suction cup and phone stand

Attach your speaker onto any smooth flat surface using the built-in suction cup base. It can also be mounted onto the back of your smartphone to double as a practical hands-free viewing stand.

Hands-free calling and battery life

Take incoming phone calls effortlessly thanks to the built-in hands-free microphone system. The internal battery delivers up to 3 hours of continuous playback, making it ideal for daily casual listening.

Ultra-compact format with USB-C charging

Carry your tunes anywhere with a lightweight mini design that fits smoothly into any bag. Conveniently recharge the battery using the included USB Type-C charging cable.
