

Black Smart Band with 2 straps: Silicone + Black Nylon Ice Watch

Descriptif produit

Optimize your daily tracking with a screenless fitness band offering up to 20 days of battery life, full health tracking, and two interchangeable silicone and nylon straps.

Screenless Minimalist Design

Engineered for those who value subtlety and focus, this smart band features no display screen, speaker, or microphone. It relies exclusively on a gentle vibration system to notify you of daily alerts without interrupting your routine.

Exceptional Battery Life Up to 20 Days

Enjoy uninterrupted usage thanks to ultra-efficient power management delivering 14 to 20 days of battery life on a single charge. Say goodbye to daily charging hassles and wear your fitness band continuously day and night.

Comprehensive Health and Sleep Monitoring

Keep track of your vital metrics throughout the day with integrated health monitoring features. It also analyzes your sleep patterns to help you optimize rest quality and maintain a balanced lifestyle.

Sports Tracking and 3 ATM Water Resistance

An essential active companion, this smart band accurately records your workout sessions and performance levels. Rated 3 ATM for water resistance, it easily withstands rain, sweat, and splash exposures.

Dual Interchangeable Straps Included

Comes with two versatile straps (silicone and woven nylon) to suit any preference or activity. Switch between the durable silicone band for workouts and the breathable nylon strap for lightweight everyday comfort.

Discreet Haptic Vibration Alerts

Stay connected effortlessly with silent vibration notifications. It keeps you informed about incoming updates and health reminders while keeping your attention on the task at hand.

Technical characteristics

Screenless Minimalist Build: Smart band operating purely via subtle vibrations with no screen or mic.

Extended 14-20 Day Battery: Long-lasting power delivery offering up to 3 weeks of continuous use.

Health & Sleep Monitoring: Tracks daily health parameters and analyzes nighttime sleep quality.

Sports Tracking & 3 ATM Water Rating: Multi-sport activity recording with splash and rain resistance.

Dual Strap Pack: Includes both a silicone strap and a comfortable nylon strap.

Discreet Vibration Alerts: Silent notifications to keep you updated without screen distractions.
